New Haven County
Colliers Engineering & Design Project No. 22904277A

Dear Mr. Nalbatian,

For the above referenced site, ATC has proposed installation of twelve (12) new antennas, three (3) remote radio units, one (1) new DC9, one (1) DC trunk cable, one (1) fiber trunk cable, and (3) Y cables at centerline heights of 104'-0", 106'-0", and 108'-0" AGL.

Colliers Engineering & Design, Inc. has based their review on the following document in completing this report:

- As-Built photographs provided by Ericsson, dated April 19, 2023.
- As-Built Construction Drawings provided by Ericsson, dated April 19, 2023.
- Construction Drawings prepared by Colliers Engineering & Design, Inc., dated September 23, 2022.

Colliers Engineering & Design, Inc. has been provided with As-Built photographs by Ericsson which are included, accurately depict the final installation of the AT&T equipment. Based upon the inspection of the As-Built photographs, it is the professional opinion of Colliers Engineering & Design, Inc. that all work has been installed and is in compliance with codes and standards per the approved Construction Drawings. The following **APPROVED** discrepancies were found between the as-built photos and the approved Construction drawings:

- Remote Radio Units and DC9 unit were installed on Unistrut framing on the mount
- Antenna azimuth change as per the redline as-built Construction Drawings

This evaluation of the As-Built condition is based solely on the provided As-Built photographs. Any equipment that has been installed after the As-Built photographs were taken is not part of this evaluation. Further, any equipment that has been installed, but was not captured in the provided As-Built photographs, is not part of this evaluation. Colliers Engineering & Design, Inc. reserves the right to amend this evaluation if more information is provided.

If you have any questions or comments, or require additional information, please do not hesitate to contact me.

Very truly yours,

COLLIERS ENGINEERING & DESIGN, INC.
