RE: Exempt Modification EM-EVER-084-220802e: Notice of Completion of Modifications to Separate Eversource Devon 7R Substation and GenConn Devon Generating Station Service Assets, 700 Naugatuck Avenue, Milford, Connecticut

Dear Attorney Bachman:

On August 2, 2022, The Connecticut Light and Power Company doing business as Eversource Energy ("Eversource") provided notice to the Connecticut Siting Council (Council) of its intent, in accordance with Section 16-50j-57(a) of the Regulations of Connecticut State Agencies, to undertake modifications at Eversource's 115-kilovolt Devon 7R Substation, located at the Devon Generating Station, on property owned by GenConnDevon LLC in the City of Milford, New Haven County, Connecticut.

Pursuant to Condition 3 of the Council's September 12, 2022 acknowledgement of Eversource's notice to modify the Substation, Eversource hereby informs the Council that the modifications at the Devon 7R Substation were completed and placed into service on December 19, 2022 and all related activities, including the full completion of the asset separation and site restoration, were finished as of January 20, 2023.

Please contact me at 860-728-4654 if you have any questions regarding this Notice.

Sincerely,

A handwritten signature in cursive script that reads "Deborah Denfield".
