RE: **EM-AT&T-084-220728** – AT&T notice of intent to modify an existing telecommunications facility located at 181-1 Research Drive, Milford, Connecticut.

Dear Mr. Andrews:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on July 25, 2022. On August 17, 2022, the Council issued a letter stating that the request for exempt modification was incomplete due to the lack of documentation of the original facility approval. On August 24, 2022, correspondence with the municipality stating that it no longer retains records of its decision was provided to the Council.

However, staff has identified an additional deficiency in the submittal. The exempt modification request lacks Site Plans stamped and signed by a professional engineer licensed in the State of Connecticut.

Therefore, the exempt modification request remains incomplete at this time. The Council recommends that Centerline Communications provide Site Plans stamped and signed by a professional engineer licensed in the State of Connecticut on or before September 22, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to September 22, 2022. **Please provide an electronic version and one hard copy of the response for the incomplete request to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melanie Bachman".

Melanie Bachman
Executive Director

EXTERNAL EMAIL: This email originated from outside of the organization. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

I have attached a copy of the email that I received moments ago from the Milford Planning & Zoning Department stating that they have no record of the original tower approval.

I will mail you a hard copy this afternoon. Thank you for your patience.

Hi Mr. Andrews,

There are no records responsive to the approval of the original tower at 181-1 Research Drive.

Thanks,

Emilie
