To Whom It May Concern,

Infinigy has conducted a post construction review of the above-mentioned site. Infinigy has prepared the drawings for the above-mentioned site and as such, we have conducted a final review of the proposed installation for the sole purpose to verify that the installation was completed in accordance with the site plans.

Based on our review of the Signed and Sealed Engineering Drawings for this site completed by Infinigy (Revision 0, Dated 03/07/19), and contractor-provided As-Built Drawings & closeout photos, the following items deviate from the original site plans:

- GSM Cabinets, Power Plant and Battery Rack were removed and replaced with new Power Plant and Battery Rack at ground level.

The above deviations do not negatively affect the integrity of the project and therefore, it is the opinion of Infinigy that the site was built in general conformance with the site plans as prepared by Infinigy.

Please free to contact me at (518) 690-0790 if you have any questions or require additional information.

Sincerely,
Chris Warren, P.E.
