RE: **EM-VER-085-180823** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 474 Main Street, Monroe, Connecticut.

Dear Mr. Baldwin:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on August 23, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report provided with the above exempt modification request. The above-referenced exempt modification request includes a structural analysis report dated August 25, 2017. Previous to that date, the Council acknowledged a T-Mobile exempt modification on May 21, 2018 with a structural report dated December 27, 2017.

The August 25, 2017 structural analysis report provided with your filing does not account for the approved T-Mobile equipment. Please refer to T-Mobile's April 24, 2018 request for exempt modification for this facility (EM-T-Mobile-085-180430) available on the Council's website at the following link:

[https://www.ct.gov/csc/lib/csc/ems/monroe/474main/t-mobile/em-t-mobile-085-180430\\_filing\\_mainst.pdf](https://www.ct.gov/csc/lib/csc/ems/monroe/474main/t-mobile/em-t-mobile-085-180430_filing_mainst.pdf)

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Robinson & Cole provide an updated structural analysis report accounting for T-Mobile's approved equipment, as well as any required mount modifications on or before September 24, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to September 24, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman  
Executive Director
