RE: **EM-AT&T-085-160202** –AT&T notice of intent to modify an existing telecommunications facility located at 230 Guinea Road, Monroe, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

1. The proposed feed lines shall be installed in accordance with the structural analysis report prepared by GPD Engineering and Architecture dated November 20, 2015 and stamped by Christopher J. Scheks;
2. Within 45 days following completion of the equipment installation, AT&T shall provide documentation that its installation complied with the recommendations of the structural analysis;
3. Any deviation from the proposed modification as specified in this notice and supporting materials with the Council shall render this acknowledgement invalid;
4. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
5. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
6. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by AT&T shall be removed within 60 days of the date the antenna ceased to function;
7. The validity of this action shall expire one year from the date of this letter; and
8. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated February 1, 2016. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site by any dimension, increase noise levels at the tower site boundary by six decibels or more, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standards adopted by the Federal Communications Commission

CONNECTICUT SITING COUNCIL

pursuant to Section 704 of the Telecommunications Act of 1996 and by the state Department of Energy and Environmental Protection pursuant to Connecticut General Statutes § 22a-162. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below state and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman

RE: 2nd Request - Notification of Completion Received/Additional Condition Requirement Outstanding.

Dear Attorney Chiocchio:

The Connecticut Siting (Council) is in receipt of a construction activity completion letter with an attached spreadsheet dated June 14, 2019 listing completion dates for various AT&T exempt modifications as a result of the 1st Quarter 2018 exempt modification/tower sharing audit. Thank you for providing this information.

On June 21, 2019 the Council sent correspondence with an attached spreadsheet noting that some of the exempt modification decision letters contained site-specific conditions that require written confirmation to the Council certifying that the conditions have been met (spreadsheet attached).

To date, the Council is not in receipt of any communication that the site-specific conditions have been met. You can view the decision letters for each filing on our website at www.ct.gov/csc.

Please also note that exempt modifications expire one year from their decision letter date unless a written request for extension is submitted to the Council not less than 60 days prior to the expiration.

The Council hereby requests compliance on these matters no later than December 20, 2019. If additional time is needed to gather the requested information, please notify the Council in writing by December 20, 2019.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely,
