Re: **EM-VER-086-211217 – Cellco Partnership d/b/a Verizon Wireless Telecommunications Facility, 689 Old Colchester Road, Montville, Connecticut**

Completion of Construction

Dear Attorney Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced facility modification has been completed.

As required by the Council's approval, attached is a letter from Tower Engineering Professionals, LLC dated February 7, 2024, verifying that the facility modifications were completed in accordance with the October 18, 2021, Mount Analysis Report prepared by Maser Consulting. Photographs of the completed improvements are also attached.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Final Report of Special Inspections

Project: *Montville CT (16486598)*

Location: *695 Old Colchester Road, Uncasville, CT 06382*

Owner: *Verizon Wireless*

Engineer of Record: *Daniel P. Hamm, P.E.*

Tower Engineering Professionals, LLC (TEP OPCO, LLC)

To the best of my information, knowledge and belief, the Special Inspections required by Chapter 17 for the project have been performed and all discovered discrepancies have been reported and resolved.

Representatives of TEP Northeast performed the Final Inspections after the construction of the telecommunications facility at the above-referenced address. The Final Inspection was performed on January 28, 2024.

Based on my knowledge, information and belief the wireless installation substantially conforms to the approved plans, IBC 2015 with 2018 CT State Building Code Amendments, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-H), and the following:

1. Final Rev. 1 Construction Drawings dated 12/06/2021, prepared by Hudson Design Group LLC, entitled "5GSB6."
2. Final Antenna Mount Analysis Report with Hardware Upgrades and PMI Requirements dated 10/18/2021, prepared by Maser Consulting Connecticut.
3. Final Rev. 1 Structural Analysis dated 12/06/2021, prepared by Hudson Design Group LLC.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications. This report does not include inspections for the findings of the global stability analysis and modifications to the structure. Those modification inspections, if required, are strictly the responsibility of the tower Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,
Special Inspector

Daniel P. Hamm, P.E.
