Notice of Completion

Dear Chairman Stein:

On September 15, 2016, Connecticut Siting Council (“Council”) ruled that the shared use of this existing tower site is technically, legally, environmentally, and economically feasible and meets public safety concerns, and therefore, in compliance with General Statutes Section 16-50aa, the Council ordered the shared use of this facility, subject to conditions. Eversource submits this letter to provide notice that Eversource has complied with the Council’s conditions as follows:

- The Council shall be notified in writing not less than 45 days after completion of the proposed installation. Eversource completed construction on November 18, 2016; this letter provides notice of completion of this installation.
- There were no material changes or other deviations to this installation.

Enclosed are this original and two (2) copies of this Notice of Completion.

Sincerely,

Kathleen M. Shanley
