### Final Report of Special Inspections

Project Number: 2021TSC-057-SSI  
Address: Butlertown Road and 61, Montville, CT, New London County  
Project Title: East Lyme North (CT5737)  
Special Inspector: Dmitriy V. Albul  
Special Inspector's Address: 3840 E. Robinson Road, Amherst, NY 14228

Albul Engineering has performed a structural assessment of the final equipment installation located on a Guyed Tower at the above referenced address.

The final installation consists of three (3) Sector Frames that support the antennas and equipment by AT&T Mobility at 190 feet centerline.

To the best of my information, knowledge, and belief, the Special Inspections required for this project, and itemized in the Statement of Special Inspections submitted for permit, have been performed in general accordance with the approved plans, specifications, and applicable workmanship provisions of the Building Code of Connecticut State, Chapter 17 and all discovered discrepancies have been reported and resolved other than following:

Comments:

Two (2) Kathrein 800-10965 antennas and four (4) Kathrein 800-10966 antennas have been installed in accordance with Hudson Design Group Construction Drawings, dated March 5, 2019.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Please see Final Report of Special Inspection and selected photos from TSC Construction site visit.

Respectfully submitted,  
Special Inspector

Dmitriy V. Albul
