Sturbridge, MA 01566-1359

RE: **TS-T-MOBILE-088-190402** – T-Mobile request for an order to approve tower sharing at an existing telecommunications facility located at 641 Maple Hill Road, Naugatuck, Connecticut.

Dear Ms. Sabo:

At a public meeting held May 23, 2019, the Connecticut Siting Council (Council) considered and denied without prejudice the shared use of this existing tower site. According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

This tower share request was submitted to the Council on March 29, 2019. Council staff reviewed this tower share request for completeness and had identified four deficiencies that were depicted in a letter dated April 8, 2019 and recommended that Northeast Site Solutions provide a revised Structural Analysis on or before May 10, 2019. In accordance with Paragraph 49 of the FCC Declaratory Ruling issued on November 18, 2009, the Council’s written notice of incompleteness had the effect of tolling the 90-day collocation timeframe.

The Council did not receive the requested information or a request for extension prior to May 10, 2019. Please note that if an amended tower share request is presented to the Council in the future for 641 Maple Hill Road, Naugatuck, Connecticut, it will need to be submitted as a new tower share request that must follow the applicable statutory and regulatory requirements for a new tower share request.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman  
Executive Director

MAB/IN/emr
