RE: **EM-VER-088-230410** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 585 South Main Street, Naugatuck, Connecticut.

Dear Jack Andrews:

The Connecticut Siting Council (Council) hereby denies your request to modify the above-referenced existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

This exempt modification request was submitted to the Council on April 10, 2023. Council staff reviewed this request for completeness and had identified deficiencies that were more fully described in a notice of incompleteness letter to Verizon dated April 28, 2023 and recommended that Verizon provide an updated Structural Analysis Report, Mount Analysis, and construction drawings that comport with the current 2022 CSBC, an RF Analysis including a rigorous cumulative far-field analysis for all entities located on the tower that accounts for a 6-foot tall person and the actual antenna pattern for the proposed modifications to the facility with a cumulative %MPE at or below 100%, and documentation showing the original facility approval with conditions if any or correspondence with the Borough stating that there are no records of the original facility approval on or before May 26, 2023. To date the Council has not received the requested information.

Thus, the proposed modification is not in compliance with the exemption criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

Melanie Bachman
Executive Director
