RE: **EM-EVER-094-150430e** – Eversource Energy notice of intent to modify an existing energy facility located at 717 New Britain Avenue, Newington, Connecticut.

Dear Mr. Morissette:

The Connecticut Siting Council (Council) is in receipt of your letter dated March 15, 2016, submitted on behalf of Eversource Energy, requesting an extension of time to submit a notice of completion of construction and associated post modification inspection report, if applicable, for the above-referenced exempt modification.

The Council hereby grants an extension of time until November 30, 2016, to submit a notice of completion of construction and associated post modification inspection report, if applicable, for the above-referenced exempt modification.

This extension is granted with the understanding that the Council will be notified should Eversource Energy need additional time to submit a notice of completion and associated post modification inspection report, if applicable, or decides not to proceed with construction.

Thank you for your attention to this matter.

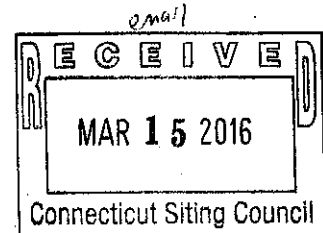

Sincerely,

Melanie A. Bachman
Acting Executive Director

RE: EM-EVER-094-150430 -- East New Britain Substation - Newington
Request for Extension

Dear Ms. Bachman:

The Connecticut Light and Power Company doing business as Eversource Energy (Eversource) received acknowledgement from the Connecticut Siting Council (Council) on May 18, 2015 that Eversource's proposed modification of the East New Britain Substation would comply with the exempt modification criteria in Section 16-50j-57 of the Regulations of Connecticut State Agencies

The Council included conditions regarding this exempt modification work. Eversource is requesting an extension of the deadline for completing the construction based on the following condition:

- The petitioner may file a request for an extension of time beyond the one year deadline, provided that such request is submitted to the Council not less than 60 days prior to the expiration.

As stated in the Notice of Exemption, the construction was scheduled to begin in the spring of 2015 and completed by May of 2016. Due to a change in the outage schedule, Eversource hereby requests that the one year deadline to complete these activities be extended to November 30, 2016.

Enclosed are this original and two (2) copies of this request for extension.

Thank you for your attention to this matter. If you have any questions or comments, please call me at (860) 728-4532.

Sincerely,

John R. Morissette
