To Whom It May Concern,

Colliers Engineering & Design has reviewed the post construction photographs, received from KMM Telecommunications dated February 11, 2022, of the completed antenna upgrade and mount modification at the above referenced telecommunications facility. The antenna upgrade was completed by Verizon. Upon reviewing the aforementioned photographs, it has been determined that the equipment has been installed in accordance with the approved documents referenced below.

- Mount Analysis prepared by GPD Engineering and Architecture dated June 30, 2021.
- Construction Drawings prepared by All Points Technology Corporation dated August 05, 2021.
- Post Modification Inspection Report dated February 18, 2022.
- As-built photos provided by KMM Telecommunications dated February 11, 2022

No variations from the referenced documents were found. This evaluation of the as-built condition is based solely on the provided post construction photographs. This evaluation is only valid for the linear and discrete appurtenances listed in the referenced documents. Any equipment that has been installed after the as-built photographs were taken is not part of this evaluation. Further, any equipment that has been installed, but was not captured in the provided as-built photographs, is not part of this evaluation. Colliers Engineering & Design reserves the right to amend this evaluation if more information is provided.

If you have any questions, comments, or require additional information, please do not hesitate to contact me.

Very truly yours,  
Colliers Engineering & Design CT, P.C.
