RE: **TS-AT&T-101-131108** – New Cingular Wireless PCS, LLC (AT&T) Request for an Order to Approve the Shared Use of an Existing Telecommunications Facility located at 50 Devine Street, North Haven, Connecticut. **Request to Revise.**

Dear Mr. Quinn:

At a public meeting of the Connecticut Siting Council (Council) held on May 1, 2014, the Council approved the requested amendment dated April 4, 2014, to the above-referenced tower share request that was originally approved by the Council on December 12, 2013, with the following conditions:

- That AT&T's equipment shelter be installed above the 100-year flood elevation;
- That AT&T is encouraged to work with UI to elevate UI's existing transformer to above the 100-year flood elevation; and
- Within 45 days following completion of the antenna installation, AT&T shall provide documentation certified by a professional engineer that its installation complied with this requirement.

This decision is under the exclusive jurisdiction of the Council. This facility has been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on this tower. Any deviation from this format may result in the Council implementing enforcement proceedings pursuant to General Statutes § 16-50u including, without limitation, imposition of expenses resulting from such failure and of civil penalties in an amount not less than one thousand dollars per day for each day of construction or operation in material violation.

This decision applies only to the requested tower share amendment and is not applicable to any other request or construction. Please be advised that the validity of this action shall expire one year from the date of this letter.

The proposed shared use is to be implemented as specified in your tower share request letter dated November 7, 2013, and request for an amendment letter dated April 4, 2014, including the placement of all necessary equipment and shelters within the tower compound.

Very truly yours,

Robert Stein
Chairman
