Dear Patricia Pelon,

B&T Engineering is pleased to submit this “**Construction Completion Letter**” regarding the above-mentioned Monopole.

We reviewed the photographs of the telecommunications equipment installed on the Monopole, taken on October 19, 2021. Based on the photographs provided, As Built by D&A Construction dated October 18, 2021, and the construction drawings by B+T Group dated February 26, 2021, this telecommunications site has the following antennas and associated equipment installed in three sectors on the Monopole.

- (3) New Antennas
- (3) New Radios
- (2) New Hybrid Cables

The quantities and types of antennas and associated equipment from the photographs are in structural compliance, therefore, it is our opinion that the antennas and associated equipment were properly installed.
