RE: **EM-AT&T-103-220222** – AT&T notice of intent to modify an existing telecommunications facility located at 600 Connecticut Avenue, Norwalk, Connecticut.

Dear Aja Chase:

The Connecticut Siting Council (Council) received a notice of completion of construction for the above-referenced facility on May 9, 2023. Thank you for providing this information.

On April 19, 2023, the Council issued a memorandum requiring completion notices to include a representative photograph of the facility modification. Please see attached memorandum.

Therefore, the completion notice is not in compliance with the April 19, 2023 requirement.

The Council recommends that AT&T provide the above referenced representative photograph on or before June 25, 2023. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 25, 2023.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely,

Melanie Bachman  
Executive Director

Dear Carolyne Tanis,

I, Chad Tuttle, a registered professional engineer in the state of Connecticut with Registration No. 23924, have examined site photographs provided by the Client, last dated April 17, 2023, for the Wireless Telecommunications Facility referenced above. Based on the photographs provided; As Built drawings certified by Terrance Pennell Jr. of Ironbo, Inc., dated April 17, 2023; and the construction drawings by B+T Group dated June 17, 2022; I hereby certify that to the best of my knowledge, information, and belief all constructed improvements are in substantial compliance with the permitted construction drawings approved by the City of Norwalk (last revised June 17, 2022) and that said improvements meet the intent of the applicable Codes listed on said drawings (e.g., 2015 IBC amended and NEC 2017 amended).

In my professional opinion, any minor deviations from the drawings and specifications will not prevent the project from functioning in compliance with the requirements of the City of Norwalk and other applicable regulatory agencies listed in the drawings.

Should you have any questions or require any additional information, please do not hesitate to contact our office. Thank you.

Engineer's Certification of Completion prepared by: Bhree Barrett
