Melanie A. Bachman, Esq.  
Executive Director/Staff Attorney  
Connecticut Siting Council  
10 Franklin Square  
New Britain, CT 06051

Re: **EM-VER-103-240613 – Cellco Partnership d/b/a Verizon Wireless  
Telecommunications Facility, 2 Tindall Avenue, Norwalk, Connecticut**

**Completion of Construction – Norwalk 4**

Dear Attorney Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced facility modification has been completed.

As required by the Council's approval, attached is a letter from On Air Engineering, LLC dated December 6, 2024, verifying that the facility modifications were completed in accordance with the January 4, 2024, Mount Analysis Report prepared by Colliers Engineering and Design. Photographs of the completed improvements are also attached.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Re: Verizon Site Name: Norwalk 4 CT - Antenna Modification  
Eversource Tower; 2 Tindall Ave., Norwalk, CT  
Engineering Letter of Compliance

Engineer of Record: On Air Engineering, LLC  
Structural Engineers: Paul J. Ford & Company; Colliers Engineering

CSC Reference #: EM-VER-103-240613

Dear Walter:

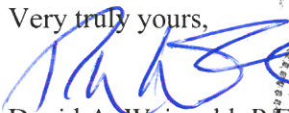

We are providing this letter of compliance with regard to the above referenced project. The following are the basis for substantiating compliance with this modification:

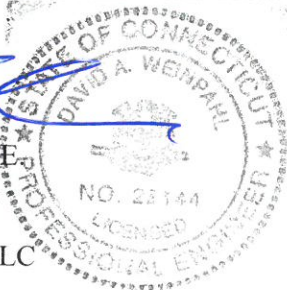

- Construction Drawings by On Air Engineering dated 08-02-23
- Structural Analysis Report by Paul J. Ford & Company dated 01-16-23
- Antenna Mount Analysis Report by Colliers Engineering 01-04-24
- Site Visit/Engineering Inspection by On Air Engineering, 12-03-24

Verizon's facility modification is described in detail within the above referenced Construction Drawings as it pertains to Verizon antennas and accessory equipment upgrades on the structure. The structural reports did NOT require any modifications to the lattice tower, foundation or Verizon antenna mounts.

The work under this contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the referenced documents and in conformance with the building permit issued for this work. Please feel free to contact our office if you have any questions.

Very truly yours,

  
David A. Weinpahl, P.E.
