RE: TS-VER-103-191211 – Cellco Partnership d/b/a Verizon Wireless request for an order to approve tower sharing at an existing telecommunications facility located at 2 Tindall Avenue, Norwalk, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) hereby denies your request to share the above-referenced existing telecommunications facility, pursuant to Section 16-50j-90 of the Regulations of Connecticut State Agencies.

This tower share request was submitted to the Council on December 11, 2019. Council staff reviewed this request for completeness and had identified a deficiency that was more fully described in a notice of incompleteness letter/e-mail to the requesting entity dated December 17, 2019 and recommended that Robinson & Cole provide a passing ($\leq 100\%$) mount analysis for the proposed modification that is stamped and signed by a professional engineer duly licensed in the State of Connecticut and, if applicable, an updated Structural Analysis Report accounting for any required antenna mount modifications, on or before January 21, 2020. To date the Council has not received the requested information.

Thus, the proposed tower share request is not in compliance with the criteria in Section 16-50j-89 of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

Melanie Bachman
Executive Director
