Good Morning,

We have completed the AT&T modifications on the existing telecommunications facilities at the subject site and are looking to close the CSC Permit. Attached is the FCCA/SSI.

Should you require any additional information, please let us know.

Thank you.

Karin

Monopole

Dear Karin Turner,

B+T Group is pleased to submit this “Construction Completion Letter” regarding the above mentioned Monopole.

We reviewed the photographs of the telecommunications equipment installed on the Monopole, uploaded on January 19, 2021. Based on the photographs provided and the construction drawings by B+T Group dated July 29, 2020 and As Built Redlines by jkrautter dated December 4, 2020, this telecommunications site has the following antennas and associated equipment installed in three sectors on the Monopole.

- (3) New CCI-DMP65R-BU8DA Antennas
- (3) New Ericsson-4449 B5/B12 RRHS
- (2) New DC Trunks
- (3) New Valmont- RRUDSM Back to Back Mounts
- (1) New Squid

The quantities and types of antennas and associated equipment from the photographs are in compliance, therefore, it is our opinion that the antennas and associated equipment were properly installed.

We at B+T Group appreciate the opportunity of providing our continuing professional services to you and Empire Telecom Wireless Services. If you have any questions or need further assistance on this or any other projects, please give us a call.
