CONNECTICUT
SITING COUNCIL

**RE: Notice of Exempt Modification – Five (5) Existing Telecommunications Tower
Facilities formerly operated by AT&T Wireless Services**

(Facility Street Address & Town, AT&T Site Number, AT&T Site Name)

- Site 1:** 292 Plain Hill Rd Norwich, CT2487, Norwich North
- Site 2:** 131 Bishop Crossing Jewett City, CT2502, Griswold East
- Site 3:** 173 South Broad St Stonington, CT5727, Stonington South
- Site 4:** 160 Witch Meadow Salem, CT5731, Salem North
- Site 5:** 557 Route 82 Oakdale, CT5734, Montville North

Dear Chairman Caruso and Members of the Council:

New Cingular Wireless PCS, LLC ("Cingular") wishes to remove its facilities formerly operated by AT&T Wireless Services at the above-mentioned locations. These telecommunication facilities are no longer in service.

Please accept this letter and attachments as notice of exempt modification to the Council, pursuant to R.C.S.A. Section 16-50j-73. In compliance with R.C.S.A. Section 16-50j-73, a copy of this filing is being sent to the appropriate town CEO. Copies of the cover letter to each individual are attached.

Existing

A description of each individual facility and its previously approved equipment for use by AT&T Wireless is attached.

Proposed Modifications

Cingular proposes to remove its equipment as indicated in the attached pictures and as further described in the accompanying written documentation for each individual site.

Statutory Considerations

The proposed changes to the above mentioned tower facilities do not constitute a “modification” of an existing facility as defined in Connecticut General Statutes (“C.G.S.”) Section 16-50i(d) because the general physical characteristics of the facility will not be significantly changed or altered. Rather, the planned changes to the facility fall squarely within those activities explicitly provided for in R.C.S.A. Section 16-50j-72(b)(2) because they will not result in any substantial adverse environmental effect.

1. The height of the overall structure will be unaffected.
2. The proposed changes will not affect the property boundaries.
3. The proposed de-installation will not increase the noise level at the existing facility by six decibels or more.
4. De-installation will not increase the total radio frequency electromagnetic radiation power density, measured at the tower base, to or above the standard adopted by the State of Connecticut and the FCC. The decommissioned facility will no longer emit RF energy. Therefore the total radio frequency electromagnetic radiation power density will only decrease.

For the foregoing reasons, Cingular respectfully submits that proposed changes at the above-mentioned sites meet the Councils exemption criteria and request an acknowledgement of same.

Respectfully Submitted,

A handwritten signature in black ink that reads "Jaclyn Swenson". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

Jaclyn Swenson
On behalf of New Cingular Wireless

Mayor Benjamin P. Lathrop
Mayors Office
100 Broadway
Norwich, CT 06360

Dear Mayor Benjamin P. Lathrop:

As you may know New Cingular Wireless (Cingular) has recently purchased the assets of the cellular carrier formerly know as AT&T Wireless Services. In doing so, it has greatly increased the number of telecommunication facilities owned by New Cingular Wireless. In some cases this has resulted in duplicated coverage areas presently serviced by existing Cingular facilities.

The cellular site located at 292 Plain Hill Rd in Norwich presented duplication in coverage area and was therefore scheduled for decommissioning. Since the site was no longer in use it has been decommissioned and all property formerly owned by AT&T Wireless Services has been removed. The lease termination rights have been addressed with the property owner.

As directed by the Connecticut Siting Council, we are serving you, being the Town Official, notice that New Cingular Wireless is no longer maintaining the former AT&T Wireless Services Telecommunications Facility at the aforementioned address.

Should you have any further questions, please feel free to contact me.
