Re: **EM-VER-104-140828 – Cellco Partnership d/b/a Verizon Wireless** ✓
292 Plain Hill Road, Norwich, Connecticut

ORIGINAL

Dear Ms. Bachman:

On September 15, 2014, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its telecommunications facility at 292 Plain Hill Road in Norwich, Connecticut. The modifications involved the replacement of its antennas, the installation of remote radio heads and the installation of a new fiber optic antenna cable.

As a condition of the acknowledgement, Cellco is required to provide the Council with a letter stating that Cellco's modifications were consistent with those referenced in the Structural Analysis Report. Attached is a Professional Engineer's Tower Modification Certification letter verifying that the modifications were completed as required.

If you have any questions please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenneth C. Baldwin".

Kenneth C. Baldwin

Re: Tower Modification Certification

Project: Verizon Norwich
292 Plain Hill Road, Norwich, CT

Tower Owner: SBA
800 South Washington Ave, Scranton, PA

Engineer: FDH
6521 Meridien Drive, Raleigh, NC

Centek Project No.: 15003.070

CSC Exempt Mod Reference No.: EM-VER-104-140828

Dear Mr. Parks,

We are providing this "Tower Modification Certification" with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the Structural Analysis documents prepared by FDH Engineering, Inc. (FDH Project Number: 1469CT1400):

- Review of FDH Structural Analysis dated 07/28/2014.
- Field observations by Centek Engineering personnel on 12/21/2015 of the completed modifications which determined all modifications were installed in general compliance with the recommendations of the structural analysis report prepared by FDH on 07/22/2014.

The Structural Analysis Report prepared by FDH Engineering, Inc. demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Sincerely,

Carlo F. Centore, PE
Principal - Structural
