**Subject:** AT&T Generator add/38 HATCHETS HILL RD, OLD LYME, CT, 06371

To whom it may concern,  
Swartley Bros will be installing the 30 KW emergency generator at the above mentioned address for the AT&T communications site. We plan on starting construction on 5/17/21 and completing (tentatively) 6/11/21. Attached you will find are the construction drawings and generator permit for reference. Please let me know if there is any further information needed.

Thanks,

---

Michahel,

Generators in our town require an electrical permit. When asked you will select generator and commercial. All permits are online found here:

<https://oldlymect.viewpointcloud.com/>

The permit systems workflow includes zoning and health, no separate applications will be needed.

Zoning in the past has waived the \$60 fee due to it being under the siting council.
