Final Report of Special Inspections

Project: CT2019 – Old Saybrook (LTE 3C)
Location: 170 Ingham Hill Road, Old Saybrook, CT 06475
Owner: AT&T Mobility
Owner's Address: 500 Enterprise Drive, Suite 3A
Rocky Hill, CT 06067
Engineer of Record: Derek J. Creaser, P.E.
Hudson Design Group, LLC.

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved.

Comments: Based on my knowledge, information and belief the completed construction substantially conforms to the approved plans, Connecticut State Building Code, Structural Standards for Steel Antenna Towers and Antenna Supporting Structures (ANSI/TIA/EIA-222-F), the equipment manufacturer's installation guidelines, and the following:

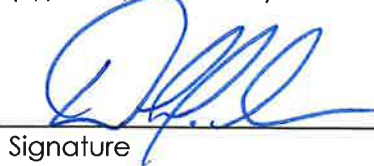

1. Final Construction Drawings dated 04-08-2016, prepared by Hudson Design Group, LLC entitled "Old Saybrook".
2. Passing Mount Analysis dated 03-09-2016, prepared by Hudson Design Group, LLC.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications. Construction has been satisfactorily completed. This inspection does not include testing and inspections of any modifications to the tower. Such inspections are strictly the responsibility of the design professional performing those design and analyses.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,
Special Inspector

Derek J. Creaser, P.E.
