RE: **EM-SPRINT-106-140904** – Sprint Spectrum L.P. notice of intent to modify an existing telecommunications facility located at 430 Middlesex Turnpike, Old Saybrook, Connecticut.

Dear Ms. DelMonico:

The Connecticut Siting Council (Council) is in receipt of the request for an extension of construction time for this exempt modification, received September 3, 2015. Pursuant to the Council's decision letter dated September 19, 2014, I have considered your request for an extension of construction time for this exempt modification and grant a six-month extension of time until March 18, 2016, to complete the construction of this project.

This extension is granted with the understanding that the Council will be notified should Sprint Spectrum L.P. decide not to proceed with construction.

Sincerely,

Melanie A. Bachman
Acting Executive Director

RE: Request for Extension – EM-SPRINT-106-140904
Notice of Proposed Intent to Modify Existing Telecommunication Facility
Site No.: CT03XC012
Site Location: 430 Middlesex Turnpike, Old Saybrook, CT

Dear Ms. Bachman:

Please accept this letter as our request for a 6 month extension on the modification to the existing telecommunications site located at 430 Middlesex Turnpike, Old Saybrook, CT. Attached for your convenience, please find a copy of the approval letter dated September 19, 2014 we received.

When the extension is complete, if you would please forward a soft copy of the approval to me via email and mail the hard copy to my attention at the address noted in the letterhead, I would appreciate it.

Again, thank you for your time and if you have any questions or need anything further, you can reach me at 913-239-0292.

Sincerely,

Lois DelMonico

RE: **EM-SPRINT-106-140904** – Sprint Spectrum L.P. notice of intent to modify an existing telecommunications facility located at 430 Middlesex Turnpike, Old Saybrook, Connecticut.

Dear Ms. DelMonico:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

- Any deviation from the proposed modification as specified in this notice and supporting materials with the Council shall render this acknowledgement invalid;
- Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
- Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
- Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by Sprint shall be removed within 60 days of the date the antenna ceased to function.
- The validity of this action shall expire one year from the date of this letter; and
- The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated September 3, 2014. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site by any dimension, increase noise levels at the tower site boundary by six decibels or more, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standards adopted by the Federal Communications Commission pursuant to Section 704 of the Telecommunications Act of 1996 and by the state Department of Energy and Environmental Protection pursuant to Connecticut General Statutes § 22a-162. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below state and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such

notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Acting Executive Director
