RE: **EM-VER-106-231003** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 77 Springbrook Road, Old Saybrook, Connecticut.
Notice of Incomplete Request.

Dear Derek Maheux:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on October 3, 2023.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency. The Council did not receive the required supporting documents. All supporting documents provided are for a site on Spaulding Road in Plainfield, Connecticut.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that supporting documents for 77 Springbrook Road, Old Saybrook, Connecticut be submitted by November 16, 2023. If additional time is needed to submit the requested filing fee, please submit a written request for an extension of time prior to November 16, 2023.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director
