Melanie A. Bachman, Esq. Executive Director/Staff Attorney Connecticut Siting Council 10 Franklin Square New Britain, CT 06051

Re: EM-VER-108-231101 – Cellco Partnership d/b/a Verizon Wireless Telecommunications Facility, 106 Willenbrock Road, Oxford, Connecticut

Completion of Construction – Southford (Filter Add)

Dear Attorney Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced facility modification <u>has been completed</u>.

As required by the Council's approval, attached is a letter from Chappell Engineering Associates, LLC dated October 30, 2024, verifying that the facility modifications were completed in accordance with the September 27, 2023, Mount Analysis Report prepared by Colliers Engineering and Design. A photograph of the completed improvements is also attached.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE:

Engineering Field Inspections and Final Statement of Special Inspections

Verizon Site Name: *Southford CT* **(Location Code:** 467915)

Site Address: 106 Willenbrock Road, Oxford, CT 06478

CEA Job Number: *22135.070*

To whom it may concern:

I, Clement J. Salek (State of Connecticut Licensed Professional Engineer No. 26876) of Chappell Engineering Associates, LLC (CEA), have been contracted by Verizon Wireless (VZW) to perform a final site inspection of the recently installed wireless telecommunications installation located at the above referenced location.

Scope of Work:

The recently completed work consists of the installation of (2) Kaelus Interference Mitigation Filters on the rear of the existing antenna mounting pipes. (2) Filters were installed at the Beta sector. Each filter was grounded to the existing sector ground bars and connected to the existing antennas with ½" jumpers.

Engineering Field Inspections:

Based on the findings of the site inspections of the recently installed VZW wireless telecommunications installation described above, CEA has verified that the site is in satisfactory conformance with the engineering construction and structural documents, and conditions of the CSC approval for project number **EV-VER-108-231101**.

- Construction Drawings by Chappell Engineering Associates, Rev 1, dated 10/20/23
- Structural Analysis by SBA dated 10/05/2023

SONAL ENG

- Antenna Mount Analysis by Colliers Engineering and Design dated 09/27/2023

The field work described under this project has been reviewed, to the Engineer's best knowledge, information, and belief, to be completed in general compliance with the documents listed above. The requested Final Report of Special Inspections has been provided (attached to this letter).

If there are any questions regarding this matter, please do not hesitate to call us.

Very truly yours,

Clement J. Salek, P.E.

Chappell Engineering Associates, LLC

Final Report of Special Inspections

Project: Southford CT

Location: 106 Willenbrock Road, Oxford, CT 06478

Owner: Tower Business Park LLC
Owner's Address: 15 Bates Place

Danbury, CT 06810

Architect of Record: N/A

Structural Engineer of Record: Chappell Engineering Associates, LLC (CEA)

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved:

Comments: Based on the findings and observations of the recently installed VZW wireless telecommunications modifications at the location referenced above, CEA has verified that the site is in general conformance with the engineering construction and structural documents.

- Construction Drawings by Chappell Engineering Associates, Rev 1, dated 10/20/23
- Structural Analysis by SBA dated 10/05/2023
- Antenna Mount Analysis by Colliers Engineering and Design dated 09/27/2023

(Attach continuation sheets if required to complete the description of corrections.)

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted, Special Inspector		THE CONNECTION OF CONNECTION
