RE: **EM-SPRINT-112-180719** - Sprint Spectrum, L.P. notice of intent to modify an existing telecommunications facility located at 398 Pomfret Street, Pomfret, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) is in receipt of your email correspondence of July 24, 2018 submitted in response to the Council's July 24, 2018 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The attached Mount Structural Analysis partially fulfills the Council's request. However the mount reinforcements and modifications indicated, do not match the notes titled "New Mount Augmentations" shown in the Mount Augmentation Drawings Sheet No. S3 prepared by Geostructural and last revised May 22, 2018.

The Council recommends that SBA Communications provide a Mount Augmentation Drawing that is consistent with the new Mount Structural Analysis on or before August 15, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to August 15, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
