RE: **EM-SPRINT-112-180719** - Sprint Spectrum, L.P. notice of intent to modify an existing telecommunications facility located at 398 Pomfret Street, Pomfret, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on July 19, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the filing due to an inconsistency in the references between the Antenna Mount Structural Analysis (MA) Report dated March 28, 2018 and Site Plan Sheet Nos. A-2 and S-1 dated June 19, 2018 with a structural note referencing a June 18, 2018 MA Report.

The above referenced request for exempt modification filing shows non-matching dates on the MA Report and the Site Plans.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that SBA Communications provide updated site plans showing matching dates to the current MA report on or before August 10, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to August 10, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
