RE: **EM-AT&T-115-170317** - AT&T notice of intent to modify an existing telecommunications facility located at 151 Waterbury Road, Prospect, Connecticut.

Dear Mr. Pattison:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on March 17, 2016.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified the following deficiencies:

1. Notice was sent to the chief elected official of the City of Milford rather than to the Town of Prospect;
2. Notice was sent to the Waterbury Planning and Zoning Commission rather than the planning and zoning department of the Town of Prospect; and
3. Notice to the underlying property owner is not the same as that listed on the property card.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Smartlink provide notice to the proper officials and the underlying property owner on or before April 4, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to April 4, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman
Executive Director

MAB/FC

c: The Honorable Robert J. Chatfield, Mayor, Town of Prospect
Tammy Deloia, Land Use Inspector, Town of Prospect
