RE: **EM-SPRINT-116-180702** - Sprint notice of intent to modify an existing telecommunications facility located at 154 Sayle Avenue, Putnam, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) is in receipt of your email of August 14, 2018 requesting an extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated July 19, 2018.

The Council hereby grants a one-month extension of time to submit the required documentation by September 17, 2018.

Thank you for your attention to this matter.

Sincerely,

Melanie A. Bachman
Executive Director

MAB/RDM

Attachments: CT23XC409_Ltr of Request for extension of time_08-14-16.pdf

Good Morning Jenna,

We are awaiting receipt of the revised Structural Report requested in Council's letter of 7/19/18. We are uncertain whether we will have it in hand by the referenced 8/16/18 date, and so, would like to request an extension.

Please find the attached correspondence requesting same.

Thank you,

Kri Pelletier

Dear Ms. Bachman:

We are in receipt of Council's letter dated 7/19/18 requesting an updated Structural Analysis for the above-referenced modification. As we are uncertain whether it will be received by 8/16/18, we would like to request an extension of time to provide.

Sincerely,

RE: **EM-SPRINT-116-180702** – Sprint notice of intent to modify an existing telecommunications facility located at 154 Sayle Avenue, Putnam, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) is in receipt of your email correspondence of July 16, 2018 submitted in response to the Council's July 11, 2018 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The statement that the structural analysis loading is inclusive of the mount modifications partially satisfies the Council's request. However, the correspondence does not address the 12 new 2.0 inch mount pipes that were not included in the "proposed carriers final configuration" table on page 4 of the May 31, 2018 Structural Analysis Report. The Council recommends that SBA provide an updated structural analysis report referencing 12 new 2.0 inch mount pipes on or before August 16, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to August 16, 2018. As a point of reference the structural analysis per the following link, performed by the same engineering firm, lists supporting pipes. http://www.ct.gov/csc/lib/csc/ems/griswold/glasgord/sprint/em-sprint-058-180702_filing_glasgord.pdf

This second notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director
