RE: **TS-DISH-117-220427** – Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 100 Old Redding Road, Redding, Connecticut.

Dear Mr. Hoogasian:

The Connecticut Siting Council (Council) is in receipt of your email of July 21, 2022 requesting an additional extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated May 23, 2022.

The Council hereby grants an additional one-month extension of time to submit the required documentation by August 24, 2022.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie A. Bachman".

Re: TS-DISH-117-220427 - Dish Wireless LLC ("DISH") request for an order to approve tower sharing at an existing telecommunications facility located at 100 Old Redding Road, Redding, Connecticut.

Dear Ms. Bachman:

In its June 22, 2022, letter the Connecticut Siting Council ("Council") granted a one-month extension of time to submit an updated structural analysis consistent with the rest of the above reference filing by July 25th, 2022.

Currently, DISH proposes to install at a new Rad center. Due to additional time needed to update the structural analysis, construction plans, and other filing materials, DISH respectfully requests an additional extension of 30 days from the July 25th deadline to engineer and submit the required information.

Sincerely,

David Hoogasian

Re: Incomplete Letter: TS-DISH-117-220427 - Dish Wireless LLC request for an order to approve tower sharing at an existing telecommunications facility located at 100 Old Redding Road, Redding, Connecticut.

Dear Ms. Bachman:

In its May 23, 2022, letter acknowledging receipt of the above referenced Tower Share Request from DISH Wireless LLC (“DISH”), the Connecticut Siting Council (“Council”) identified a deficiency in the Structural Analysis Report (SA) provided with the filing. The provided SA indicated a mounting height inconsistent with the rest of the filing.

DISH is requesting an extension based on the following condition:

- If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 23, 2022.

Due to additional time needed to update the structural analysis, DISH hereby requests an extension of 30 days from the June 23rd deadline to gather and submit the requested information.

Sincerely,

David Hoogasian

RE: **TS-DISH-117-220427** – Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 100 Old Redding Road, Redding, Connecticut.

Dear Mr. Hoogasian:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on April 27, 2022.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified a deficiency in the Structural Analysis Report (SA) provided with the filing. The SA provided is prepared by American Tower Corporation and dated July 28, 2021. The SA indicates that the mounting height of the proposed antennas is 50-feet above ground level (agl). However, this is inconsistent with the rest of the filing which indicates a mounting height of 76-feet agl.

Therefore, the tower share request is incomplete at this time. The Council recommends that Network Building + Consulting, LLC provide an updated SA for the request that is consistent with the rest of the filing on or before June 23, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 23, 2022. **Please provide an electronic version and one hard copy of the requested information for the incomplete tower share filing to be rendered complete and processed. Please include the Council’s tower share identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melanie Bachman".
