RE: **TS-T-MOBILE-117-161011** - T-Mobile request for an order to approve tower sharing at an existing telecommunications facility located at 22 Wayside Lane, Redding, Connecticut.

Dear Ms. Goodall:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on October 11, 2017.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, "no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies..."

Staff has reviewed this tower share request for completeness and has identified a deficiency in the filing. The antenna models specified in the radio frequency emissions analysis report do not correspond with the antenna replacement described in the structural analysis and construction drawings.

Therefore, the tower share request is incomplete at this time. The Council recommends that T-Mobile provide a corrected radio frequency emissions analysis report on or before November 3, 2016. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to November 3, 2016.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Acting Executive Director

MAB/FC

c: The Honorable Julia Pemberton, First Selectman, Town of Redding  
Aimee Pardee, M.A., Zoning Enforcement Officer, Town of Redding  
Council Members
