Re: **EM-VER-118-160108 – Cellco Partnership d/b/a Verizon Wireless  
76 East Ridge Road, Ridgefield, Connecticut**

Dear Ms. Bachman:

On February 1, 2016, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its telecommunications facility at 76 East Ridge Road in Ridgefield, Connecticut. Cellco's modifications involved the installation of new antennas and remote radio heads on the tower and associated equipment in the facility compound.

As a condition of its approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the structural report attached to the exempt modification filing. Attached is a Professional Engineer's evaluation letter verifying that the installation was completed according to that structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Dear Mr. Bisson,

Dewberry Engineers Inc. (Dewberry) has reviewed photographic documentation of the completed installation at the above referenced site dated 4/13/2017, Construction Drawings by On Air Engineering, LLC dated 10/31/15, and Structural Analysis Report by Centek Engineering dated 9/8/15.

We find that the installation has been completed in general accordance with the standard recommendations of the Structural Analysis Report by Centek and approved plans.

If you have any questions, please do not hesitate to call me at 973-739-9400.

Sincerely,  
Dewberry Engineers Inc.
