Ms. Bachman,

Infinigy has reviewed the T-Mobile tower mount modification at the above referenced site and evaluated the correct mount modification installation per its original approval for the T-Mobile CT11427A project. Please refer to the previous Mount Modification analysis completed on (4/12/2021) for the proposed loading configuration, the supporting documentation, and code requirements for this site.

This assessment assumes that all structural members are in good condition, have not been altered from the manufacturer's original design, and have been installed per the manufacturer's requirements.

Should there be any questions, please do not hesitate to contact us at 518-690-0790.

Sincerely,
