Dear Mr. Violette:

Tectonic Engineering & Surveying Consultants P.C. (Tectonic) has reviewed post-construction photos (dated September 25, 2020) and as-built drawings (dated September 30, 2020) provided by the general contractor W. Edwards Eastern Communications, Inc. The purpose of Tectonic's review was to ensure the work completed under this permit was performed in general conformance with the Construction Drawings (dated March 26, 2020) prepared by Tectonic. The conclusion of our review is that, to the best of my knowledge, the site has been completed in accordance with the approved drawings.

If you have any questions, please do not hesitate to contact the undersigned.

Sincerely,

Tectonic Engineering & Surveying Consultants P.C.

Jeffrey B. Kirby, P.E., SECB
Executive Director of Engineering
