RE: **EM-VER-119-220609** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 699 West Street, Rocky Hill, Connecticut.

Dear Mr. Coleman:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 9, 2022.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report provided with the filing. The Structural Analysis Report provided is dated June 14, 2021. The Council received a request for exempt modification from AT&T for the same facility in April 2022 (with a Structural Analysis Report dated November 2, 2021) and acknowledged such request on May 31, 2022. Thus, the above-referenced request for exempt modification does not include AT&T's approved equipment. Please see AT&T's exempt modification filing for this facility, which may be found on the Council's website under the Decisions page in Rocky Hill under the filing number EM-AT&T-119-220419. Additionally, construction drawings were not included with Verizon's filing.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications provide an updated Structural Analysis Report for the facility that includes proposed and approved equipment by Verizon and other entities that are located at this facility and construction drawings for this filing on or before August 8, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to August 8, 2022. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie Bachman". The signature is fluid and cursive, with the first name "Melanie" being more prominent than the last name "Bachman".

Melanie Bachman  
Executive Director
