RE: **TS-VER-122-241230** - Cellco Partnership d/b/a Verizon Wireless request for an order to approve tower sharing at an existing telecommunications facility located at 250 Canaan Road, Salisbury, Connecticut.

Dear Cassandra Darmody:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on December 30, 2024.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies (RCSA), "no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies.

Staff has reviewed this tower share request for completeness and has identified a deficiency. No mount analysis is included with the tower share request and it is unclear whether additional reinforcements would be required for the antenna mount, which would alter the proposed loading on the structure and require an updated structural analysis report.

Therefore, the tower share request is incomplete at this time. The Council recommends that Cellco provide a passing (<100%) mount analysis for the proposed equipment that is stamped and signed by a professional engineer duly licensed in the State of Connecticut and, if applicable, an updated Structural Analysis Report accounting for any required antenna mount modifications on or before January 30, 2025. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to January 30, 2025. **Please provide an electronic version and one hard copy of the requested information for the incomplete tower share request to be rendered complete and processed. Please include the Council's tower share request identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
