Location: 530 Bushy Hill Road., Simsbury, CT 06092

Hudson Design Group, LLC.

To the best of my information, knowledge and belief, the Special Inspections required by Chapter 17 for the project have been performed and all discovered discrepancies have been reported and resolved.

Representatives of Hudson Design Group LLC performed the Final Inspections after the construction of the telecommunications facility at the above-referenced address. The Final Inspection was performed on July 25, 2017.

Based on my knowledge, information and belief the wireless installation substantially conforms to the approved plans, IBC 2003 with 2005 CT supplement 2009 & 2013 amendments State Building Code Amendments, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-F), and the following:

1. Final Construction Drawings dated 06-09-2016, prepared by Hudson Design Group LLC, entitled "Simsbury-Bushy Hill Road."
2. Final Structural Analysis dated 06-09-2016, prepared by Hudson Design Group LLC.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,  
Special Inspector
