RE: **EM-SPRINT-131-190404** – Sprint Spectrum, LP notice of intent to modify an existing telecommunications facility located at 80 Shuttle Meadow Road, Southington, Connecticut.

Dear Mr. Perry:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on April 4, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report (SA) dated January 4, 2019 and prepared by American Tower Corporation. The SA does not account for the proposed mount modifications as shown in the Construction Drawings (CD) dated February 22, 2019 and the Mount Analysis Report (MA) dated January 8, 2019.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Airosmith Development provide a SA with a passing structure rating no greater than 100 percent, that accounts for the proposed mount modifications referenced above and an updated CD that references the revised SA, on or before May 10, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 10, 2019. **Please provide an electronic version and one hard copy each of the SA and CD for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
