RE: EM-VER-131-190201 – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 625 Spring Street, Southington, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on February 1, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Mount Replacement Report (MA) prepared by Infinigy and dated January 29, 2019. Page 4 of the MA item 4.1) Recommendations states "The Sector Frame Mount has sufficient capacity to support the proposed loading when the mount is replaced with (1) Sitepro1 F3P-14W". Also, page 1 and Table 1 of the MA refer to the Modification as a platform mount. This is inconsistent with the Structural Analysis Report and Construction Drawings provided with the request which propose the replacement of a platform mount with a sector frame mount.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Crown Castle provide a Mount Replacement Report that is consistent with the Structural Analysis Report and Construction Drawings provided with the request on or before March 8, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 8, 2019.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,
