Dear Ms. Pelon,

Infinigy has prepared the carrier upgrade site design for the above-mentioned site and conducted a final review of the proposed installation for the sole purpose to verify that the installation was completed in accordance with the site plans.

Based on our review of the asbuilt construction drawings issued on 6/29/21 and the post construction photos provided by Crown Castle, it is our opinion that the site was built in general conformance with the site plans as prepared by Infinigy Engineering, PLLC and the plan change on the ground equipment installation was approved by Crown Castle.

Please free to contact me at (201) 819-4493 if you have any questions or require additional information.

Sincerely,
