Notice of Compliance with Conditions and Construction Completion

Dear Attorney Bachman:

The T-Mobile site referenced above was approved by The Connecticut Siting Council (Council) on December 20, 2021 as an Exempt Modification. T-Mobile is now requesting the close out of the approval and hereby acknowledges the following conditions were met:

1. Prior to T-Mobile's antenna installation, antenna mount modifications shall be installed in accordance with the Mount Analysis prepared by Infinigy Engineering PLLC dated August 31, 2021 Revision 1 and stamped and signed by Emmanuel Poulin;
2. Within 45 days following completion of equipment installation, T-Mobile shall provide documentation certified by a Professional Engineer that its installation complied with the recommendations of the Mount Analysis.
3. Any deviation from the proposed modification as specified in this notice and supporting materials submitted to the Council shall render this acknowledgement invalid;
4. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
5. The Council shall be notified in writing at least two weeks prior to the commencement of site construction activities;

NSS **NORTHEAST**
SITE SOLUTIONS
Turnkey Wireless Development

6. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
7. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by T-Mobile shall be removed within 60 days of the date the antenna ceased to function;
8. The validity of this action shall expire one year from the date of this letter; and
9. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The attached PE Closeout Letter dated December 8, 2022 provides evidence of compliance with the conditions outlined by the Council. In addition, T-Mobile hereby notifies the Council that construction of the acknowledged modifications was completed as of July 29, 2022.

Sincerely,

Victoria Masse

RE: Close Out Letter - EM-T-MOBILE-134-211102
T-Mobile Site CTHA628A – 175 Stafford St., Stafford Springs, CT 06077

Mr. Raab,

Infinigy has conducted a post construction review of the site referenced above. Infinigy has prepared the mount analysis report for the T-Mobile antenna and equipment upgrade for this site and as such, we have conducted a final site review for the sole purpose to verify that the equipment installation was completed in accordance with the site plans and the mount analysis report.

Based on our review of the signed and sealed construction documents for this site issued by B&T (Revision 1, 3/5/21), and the as-built drawings and post construction photographs provided by the contractor, it is our opinion that the site was built in general conformance with the site documents as prepared by B&T and Infinigy with the following exceptions:

- (3) 4449 Radios were installed on pipe #2.5 (pipe between pipe #2 and #3) instead of pipe #2.

This deviation does not negatively impact the original intent of the construction drawings and this project. We also believe the members of the mount will not see a substantial increase in stress due to this change. If you have questions or comments, please do not hesitate to contact me at (321) 439-6704.

Sincerely,

Emmanuel Poulin, P.E.
Vice President Engineering
