RE: **EM-CING-134-180305** - New Cingular Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 64 Tolland Avenue, Stafford, Connecticut.

Dear Mr. Wolfrey:

The Connecticut Siting Council (Council) is in receipt of your email of May 30, 2018 requesting a third extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated March 16, 2018.

The Council hereby grants a 30-day extension of time to submit the required documentation by July 2, 2018.

Thank you for your attention to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director

RE: **EM-CING-134-180305** - New Cingular Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 64 Tolland Avenue, Stafford, Connecticut.

Dear Mr. Wolfrey:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on March 5, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified the following deficiencies in the filing:

1. The address and property owner appear to be incorrect. Based on the Capitol Region Council of Governments online geographical information systems, the property hosting the existing tower is located at 50 Tolland Avenue and owned by Terra Alta, Inc.;
2. The Structural Analysis Report does not have a stamp or signature by a professional engineer duly licensed in the State of Connecticut; and
3. There is no proof of mailing to the chief elected official of the municipality and the property owner. In accordance with the memorandum issued by the Council dated June 22, 2017, a copy of the exempt modification notice and the attachments are to be physically mailed to the chief elected official of the host municipality and the underlying property owner and proof of such mailing shall be submitted to the Council with the exempt modification request. The Council's June 22, 2017 memorandum is attached for your convenience.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications provide a Structural Analysis Report that is stamped and signed by a professional engineer duly licensed in the State of Connecticut and mail the exempt modification request with the attachments to the chief elected official of the host municipality and the underlying property owner and provide proof of such notice to the Council on or before April 2, 2018. If additional time is needed to complete the notification and provide proof to the Council, please submit a written request for an extension of time prior to April 2, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director

### MEMORANDUM

To: Telecommunications Carriers and their Representatives

From: Melanie Bachman, Executive Director *MAB*

Re: Exempt Modification/Tower Share Filing Notification

Date: June 22, 2017

---

Pursuant to Regulations of Connecticut State Agencies § 16-50j-73 and §16-50j-88, the April 2013 *Filing Guide for Modification of Existing Telecommunications Facilities*, and the August 2013 *Tower Share Filing Guide*, notice in writing shall be provided to "the Council, the property owner of record... and the chief elected official" of the intent to modify or share an existing telecommunications facility" (see Attachments).

Effective immediately, a copy of the notice and the attachments, including, but not limited to, engineering drawings, structural analysis (the structural analysis report without tower data and calculation appendices is sufficient) and power density calculation of the request for an exempt modification or tower share shall be physically mailed to the chief elected official of the host municipality and underlying property owner where the existing telecommunications facility is located and proof of mailing shall be submitted to the Council with the request. Proof of mailing requires an acknowledgment from the carrier (United States Postal Service or private carrier such as UPS/FedEx) that a parcel was delivered to the recipient. E-mail service is unacceptable.

Thank you in advance for your cooperation.

Good afternoon.

I received a call from Robin Edwards, Corporation Counsel for the City of Danbury. She was concerned about how notice of this request was provided to the City and indicated that it appeared the request was submitted through their "311 service?" From their website, this appears to be a City Service Request Form. I snipped the link to it below for your convenience. The cover letter indicates that a copy was sent to the Mayor and the Director of Planning. Could someone please confirm that a copy of the letter was actually sent rather than submitted to the "311 service" when you have a chance?

Thanks.
