RE: **TS-DISH-135-230215** - Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 168 Catoona Lane, Stamford, Connecticut.

Dear Jack Andrews:

The Connecticut Siting Council (Council) is in receipt of your correspondence of April 5, 2023 submitted in response to the Council's March 14, 2023 notification of an incomplete request for tower sharing with regard to the above-referenced matter.

The submission renders the request for tower sharing complete and the Council will process the request in accordance with the Federal Communications Commission 60-day timeframe.

Thank you for your attention and cooperation.

Sincerely,

Dear Ms. Bachman,

Thank you for your "incomplete Letter" dated March 14, 2023, receipt of which is hereby acknowledged. In accordance with the items discussed in your letter, enclosed please find three (3) sets of Revised Drawings incorporating the correct code year, and three (3) copies of the Radio-Frequency Analysis with far-field included in the tables on pages 15 and 16.

The explanation of the far-field analysis begins on page 11 of the report, with an illustration of the analysis on page 12. I was advised that PTG uses a standing height of 6.5 feet above the ground instead of 6 feet in order to produce an overly conservative result.

Thank you for your patience in this matter. Dish respectfully requests that the Council approve this request for the use of the tower located at 168 Catoona Lane, Stamford, CT 06902.

If you have any questions, please feel free to contact me.

Sincerely,
