RE: **EM-T-MOBILE-135-220118** - T-Mobile notice of intent to modify an existing telecommunications facility located at 555 East Main Street, Stamford, Connecticut.

Dear Ms. Masse:

The Connecticut Siting Council (Council) is in receipt of your email of March 7, 2022 requesting an extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated February 7, 2022.

The Council hereby grants an extension of time to submit the required documentation by April 11, 2022.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie A. Bachman".

Melanie A. Bachman
Executive Director

Subject: Re: Council Incomplete Letter for EM-T-MOBILE-135-220118 (East Main Street, Stamford- T-Mobile Site-CT11410A))

EXTERNAL EMAIL: This email originated from outside of the organization. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good Afternoon,

Please accept this email request for an additional 30 days to address the attached incomplete notice for this T-Mobile site.

We are having our engineer review and revise the Structural Analysis to address the percentage of the stress capacity for the existing building.

Thank you

RE: **EM-T-MOBILE-135-220118** - T-Mobile notice of intent to modify an existing telecommunications facility located at 555 East Main Street, Stamford, Connecticut.

Dear Ms. Masse:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on January 18, 2022.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified deficiencies with the request are as follows:

1. The exempt modification request lacks documentation of the original facility approval and any conditions of such approval or correspondence with the City of Stamford (City) stating that the City no longer retains records of its decision; and
2. The existing tower is on the roof of an existing building; however, the Structural Analysis Report provided does not indicate the % stress capacity of the existing building; therefore, it is unclear whether the existing building/foundational structure is capable of supporting the existing tower including proposed equipment of T-Mobile and other entities and whether reinforcement would be necessary.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Northeast Site Solutions provide documentation showing the original facility approval with conditions, if any, or correspondence with the City stating that there are no records of the original facility approval and a Structural Analysis Report indicating a stress capacity (100 % or less) of the existing building/foundational structure that includes proposed and approved equipment by T-Mobile and other entities on or before March 9, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 9, 2022. **Please provide an electronic version of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie Bachman", written in a cursive style.
