RE: **TS-DISH-135-220527** – Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 69 Guinea Road, Stamford, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) is in receipt of your email of July 20, 2022 requesting an extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated June 24, 2022.

The Council hereby grants a one-month extension of time to submit the required documentation by August 20, 2022.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie A. Bachman".

Melanie A. Bachman
Executive Director

RE: TS-DISH-135-220527 - Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 69 Guinea Road, Stamford, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on May 27, 2022.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified a deficiency in the Structural Analysis (SA) Report provided with the filing. The SA Report provided is dated August 25, 2021 and is prepared by Black and Veatch Corporation. The Council received a request for exempt modification from T-Mobile for the same facility on January 14, 2022. The above-referenced tower share request does not include T-Mobile’s approved equipment; however, the structural analysis included in T-Mobile’s request for exempt modification does appear to include both T-Mobile’s equipment and the equipment that Dish is now proposing. Please see T-Mobile’s exempt modification filing for this facility, which may be found on the Council’s website under the Decisions page in Stamford under the filing number EM-T-Mobile-135-220114.

Therefore, the tower share request is incomplete at this time. The Council recommends that Northeast Site Solutions provide an updated Structural Analysis Report for the facility that includes proposed equipment by T-Mobile and other entities that are located at this facility on or before July 25, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 25, 2022. **Please provide an electronic version and one hard copy of the requested information for the incomplete tower share filing to be rendered complete and processed. Please include the Council’s tower share identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie A. Bachman". The signature is fluid and cursive, with the first name "Melanie" being more prominent than the last name "Bachman".
