Subject: Amendment Request - TS-DISH-137-230306 and EM-DISH-137-240104 (Site No. BOBOS00067A, Mystic, CT)

Dear Ms. Bachman and Members of the Siting Council,

Please find attached a formal request for an amendment to the previously approved tower share and exempt modification for DISH Wireless LLC at 7 Broadway Avenue Extension, Mystic (Stonington), Connecticut (Site No. BOBOS00067A).

DISH Wireless LLC respectfully seeks to formally withdraw exempt modification application EM-DISH-137-240104, as the microwave dish is no longer required. The tower share amendment reflects updated RRU models. Also attached are the updated structural analysis, construction drawings (Rev. 2), and mount analysis to support the requested changes.

We respectfully request that the Council amend the existing tower share approval under TS-DISH-137-230306 to reflect the new model numbers and cancel exempt modification application EM-DISH-137-240104.

Could you kindly confirm whether hard copies of this submission are also required to be sent via mail?
