RE: EM-CING-137-151218 Notice of Completion of Construction for New Cingular  
Wireless/ AT&T facility at 82 Mechanic Street, Stonington, CT (ATT NO. CT5748)

Dear Ms. Bachman:

On behalf of New Cingular Wireless PCS, LLC (AT&T), please accept this letter as our notification of the completion of site construction and the commencement of site operations.

As part of the decision find enclosed the construction compliance letter provided by project's structural engineer, Tower Engineering Professionals.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Carl Aquilina", with a long horizontal flourish extending to the right.

Carl Aquilina

150 Foot – Monopole Tower

To whom it may concern,

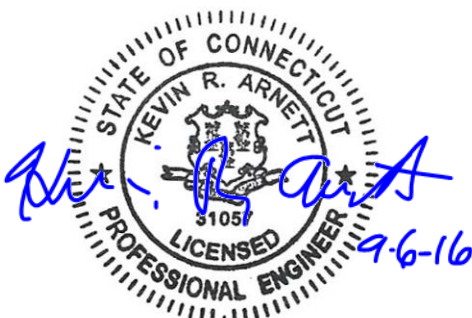

Tower Engineering Professionals (TEP) is pleased to submit this “**Construction Compliance Letter**” to the Connecticut Siting Council for the modification/reinforcement to the subject structure. The purpose of this letter is to confirm that all required final reports have been received, reviewed, and accepted as complete by TEP. The modifications were installed as designed (with approved changes) in the modification drawings by Paul J. Ford & Company, dated September 3, 2015. For more details, see the Modification Inspection Report by TEP, dated May 23, 2016.

All observations were performed after the construction was complete. Tower Engineering Professionals, Inc. was not present during the construction phase. The onsite Modification Inspection was performed by Reed Stelton, E.I., of Tower Engineering Professionals, Inc during the May 10, 2016 site visit.

We at Tower Engineering Professionals, Inc. appreciate the opportunity of providing our continuing professional services to you. If you have any questions or need further assistance on this or any other projects please give us a call.

Sincerely,

**Tower Engineering Professionals, Inc. (TEP)**

Kevin Arnett, P.E., C.W.I.
