Re: **EM-VER-137-170214 – Cellco Partnership d/b/a Verizon Wireless
40 Taugwonk Spur Road, Stonington, Connecticut**

Dear Ms. Bachman:

On March 6, 2017, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 40 Taugwonk Spur Road in Stonington, Connecticut. The approved modifications involved the replacement of antennas and remote radio heads.

As a condition of its approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the structural report attached to the exempt modification filing. Attached is a Professional Engineer's evaluation letter verifying that the installation was completed according to that structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: Notice of Completion Certification

Project: Stonington CT
40 Taugwonk Spur Road
Stonington, CT 06378

Engineer: Jiang J. Yu
Dewberry Engineers Inc
600 Parsippany Road
Suite 301
Parsippany, NJ 07054

CSC Exempt Mod Reference No.: EM-VER-137-170214

Dear Mr. O'Donnell,

Dewberry Engineers Inc is providing this "Notice of Completion Certification" with regard to the wireless telecommunications facility installation at the above referenced project.

The following are the basis for submitting compliance with the Construction Drawings prepared by Dewberry Engineers Inc.:

- Review of the Black & Veatch Structural Analysis dated December 14, 2016
- Review of the Dewberry Mount Analysis dated October 5, 2017
- Field Observations provided by the contractor on April 12, 2018 of the completed installation which was installed in general compliance with the aforementioned Structural Analysis.

The structural analysis prepared by Black & Veatch demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the document(s) referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

If you have any questions, please do not hesitate to call me at 973-739-9400.

Sincerely,
Dewberry Engineers Inc.
