Kenneth C. Baldwin, Esq. Robinson & Cole 280 Trumbull Street Hartford, CT 06103-3597 kbaldwin@rc.com

RE: **EM-VER-138-210414** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 623-627 Honeyspot Road, Stratford, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on April 14, 2021.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. The radio frequency power density information provided in Attachment 3 of the filing does not include information for Verizon Wireless.

The Council recommends that Robinson & Cole provide radio frequency power density information for Verizon Wireless for this facility on or before June 4, 2021. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 4, 2021. **Please provide an electronic version of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.** 

This notice of incompletion shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

s/Melanie A. Bachman
